

Bio-Kleen

Disinfectant and Sanitiser

5 Litres	- P455
25 Litres	- P457
200 Litres	- P458

DESCRIPTION:

Bio-Kleen is a hospital grade disinfectant with high bacterial killing properties. It is safe for use on all surfaces. It can be used to disinfect floors, walls, food preparation areas, toilets, urinals, showers and any other hard surface.

(MPI Approved C31- All products except dairy)

DIRECTIONS:

Lightly soiled surfaces:

Dilute Bio-Kleen 1 part to 80 parts water.

Moderately soiled surfaces:

Dilute Bio-Kleen 1 part to 50 parts water.

Heavily soiled surfaces:

Dilute Bio-Kleen 1 part to 30 parts water.

Disinfectant should be prepared daily – discard day old solutions. Do not mix with any other detergents or soaps. Rinse with potable water after application.

(All food contact surfaces must be rinsed with potable water after use)

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:	Clear green
Odour:	Odourless
Specific Gravity:	1.00
pH:	10.5 +/- 0.5

FIRST AID MEASURES:

Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Never give anything by mouth to an unconscious person. Seek immediate medical attention.

Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment. Do not rub eyes or keep eyes closed.

Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

Inhalation:

Remove the affected person out to a ventilated area. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention.
