

Graffiti Remover

5 Litres	- PXSGFR5
20 Litres	- PXSGFR20
200 Litres	- PXSGFR200

DESCRIPTION:

Graffiti Remover is a special formulation of solvents designed to remove ink and paint from flat surfaces such as traffic signs and other non-porous surfaces.

DIRECTIONS:

Spray product onto affected area and wipe off with a clean cloth. Spot test affected area first.

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:	Colourless Liquid
Odour:	Solvent Odour
Specific Gravity:	0.70
pH:	N/A

FIRST AID MEASURES:

Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Seek immediate medical attention.

Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment.

Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give Oxygen. Get medical help.
