---

### DESCRIPTION:

Methylated Spirits is a fast drying cleaner used for removing light oils, inks and greases from hard surfaces. It is also used for burning food warmers in the catering industry.

---

### DIRECTIONS:

Apply Methylated Spirits by spraying or wiping the affected area. Either leave to dry or finish with a soft clean cloth.

---

### PHYSICAL AND CHEMICAL PROPERTIES:

<b>Odour:</b>	Solvent Odour
<b>Specific Gravity:</b>	0.70
<b>pH:</b>	N/A

---

### FIRST AID MEASURES:

#### Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Seek immediate medical attention.

#### Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment.

#### Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

#### Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give Oxygen. Get medical help.
