

New Look Water Based Gel Dressing

5 Litres
20 Litres

- PXSNL5
- PXSNL20

DESCRIPTION:

New Look Gel Dressing is a water-based formulation which is safe to use on most surfaces. It is non-flammable. It protects most rubber, vinyl and plastic surfaces. It contains a stabilising agent to thicken the product to reduce cast off when dressing tyres. New Look can be used on car interiors, tyres, bumpers, furniture's, luggage's, etc.

DIRECTIONS:

Apply a heavy even film New Look to a clean dry surface using a dry cloth or applicator pad. Once dry, buff to a high polish using a clean dry cloth.

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:	white emulsion
Odour:	Apple
Specific Gravity:	1.03
pH:	7

FIRST AID MEASURES:

Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Seek immediate medical attention.

Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment.

Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give Oxygen. Get medical help.
