

# Oxivance Ultra 7.95%

## Hospital Grade Disinfectant & Virucide

5 Litres - P940

---

### DESCRIPTION:

*Oxivance Ultra 7.95%* is a highly concentrated virucidal cleaner disinfectant that is suitable for a range of non-invasive devices and hard non-porous surfaces. This stabilised hydrogen peroxide formula is an approved virucide, bactericide, and fungicide. It can also be used for multitude of applications, such as removing build-up of lime carbonates, mold remediation, methamphetamine remediation, carpet stain removal and as a general broad-spectrum sanitiser.

The active ingredient hydrogen peroxide degrades into water and oxygen after use. At recommended dilution rates, the product solution is safe for users and non-porous surfaces. Kills SARS-CoV-2 (COVID-19 virus). Test data available on request.

Designed for commercial and industrial use.

---

### DIRECTIONS:

1. Remove loose soil and dirt.
2. Apply *Oxivance Ultra 7.95%* on the surfaces by spraying on the cloths to be passed on the surfaces or directly on surfaces with a trigger bottle; or apply to floor surfaces with a mop.
3. Leave surface wet for as long as necessary\*, wipe with a dry cloth or let dry naturally.
4. Use fresh solutions as necessary to avoid contamination.

### Dilution Guidelines

- For light soil, use 50mL Ultra per 1L water or 1:20 dilution
- For Medium soil, use 100mL Ultra per 1L water or 1:10 dilution
- For Heavy soil, use 200mL of Ultra to 1L water or 1:5 dilution
- For Very Heavy soil, use neat

\*Contact time to effectively destroy common bacteria: up to 60 seconds; common viruses: up to 10 minutes

Note: Use Deionised Water. Do not use warm water. Do not mix with other products. Do not use on surfaces sensitive to water or acid. Ensure surface stays wet for duration of contact time.

---

**PHYSICAL AND CHEMICAL PROPERTIES:**

<b>Appearance:</b>	Clear
<b>Odour:</b>	Odourless
<b>Specific Gravity:</b>	1.010
<b>pH:</b>	Neat Approx. 0.5 Value in use Approx. 1.90

\*The above data is typical of normal production and should not be taken as a specification.

\*Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet. Store in original container. Avoid extremes of temperature. Reacts with oxidisable substances.

---

**FIRST AID MEASURES:**

**Ingestion:**

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Never give anything by mouth to an unconscious person. Seek medical aid immediately.

**Eye Contact:**

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment. Do not rub eyes or keep eyes closed.

**Skin Contact:**

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

**Inhalation:**

Remove the effected person out to a ventilated area. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention.
