

## Pro Solv

### Grease, Ink & Paint Remover pH Neutral Solvent Spotter

500mL - P3001

5L - P3005

---

#### DESCRIPTION:

Pro Solv is a pH neutral spotter. It is used as a solvent spotter for removing oily or tar-like stains from carpet and clothing prior to extraction or shampooing. Some inks, most paints, chewing gum and latex carpet adhesive are softened by Pro Solv, allowing them to be scraped up.

---

#### DIRECTIONS:

Pre-test for colourfastness prior to application.

**Carpet:** Apply undiluted by light mist spray or with white cotton towel. Work stain from edge toward the centre to loosen grease and soil. Blot up loosened stain with towelling. Rinse and blot or extract.

**Industrial:** Apply Pro Solv, scrub and rinse.

**Graffiti:** Test inconspicuous area to ensure surface compatibility. Spray on and immediately agitate with cloth or brush, then wipe off.

**Fabric / Clothing:** Prior to laundering, spray collars, cuffs, grease and ink stains. Launder in the normal manner.

---

#### PHYSICAL AND CHEMICAL PROPERTIES:

**Appearance:** Clear Liquid

**Odour:** Odourless

---

#### FIRST AID MEASURES:

##### Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Never give anything by mouth to an unconscious person. Seek immediate medical attention.

##### Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment. Do not rub eyes or keep eyes closed.

##### Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

##### Inhalation:

Remove the affected person out to a ventilated area. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention.
