

PunchPlus

Degreaser. Emulsifying Cleaner

5 Litres - P1205

25 Litres - P1225

(MPI Approved C31- All products except dairy)

DESCRIPTION:

PunchPlus powerfully removes the grey and grimy build-up from the micropores in the surface of concrete and on ceramic and quarry tiles. It is excellent for cleaning ovens, kitchen grease and grime and removing body fat on showers. The substance is aerobically readily biodegradable.

DIRECTIONS:

Restoration or Initial Clean: Dilute 1 part PunchPlus to 5 parts warm water. Mop floor and allow a few minutes for penetration. Machine scrub with brush or pad. Rinse with warm or hot water.

General Maintenance Clean: For spray and wipe, mop and bucket or auto scrubber application, dilute 1 part PunchPlus to 40 parts warm or cold water. When mopping, flood mop and follow with a well wrung mop to pick up soil.

Vary Dilution depending on soilage:

Light soil: Dilute 1:100

Medium soil: Dilute 1:50

Heavy soil: Dilute 1:25

Oven Cleaning: Dilute 1 part PunchPlus to 5 parts water. Spray on oven, heat, then wipe clean. Use this dilution for use as a spray and wipe on general kitchen grease and grime.

(All food contact surfaces must be rinsed with portable water after use)

Certification: (MPI Approved C31- All products except dairy)

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:	Clear dark liquid
Odour:	Odourless
Specific Gravity:	1.30
pH:	14

FIRST AID MEASURES:

Ingestion

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Never give anything by mouth to an unconscious person. Seek immediate medical aid immediately.

Eye Contact

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment. Do not rub eyes or keep eyes closed

Skin Contact

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

Inhalation

Remove the effected person out to a ventilated area. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention.
