

Transit Car & Truck Wash

5 Litres	- PXSTRANS5
20 Litres	- PXSTRANS20
200 Litres	- PXSTRANS200

(MPI Approved C32- All products except dairy)

DESCRIPTION:

Transit Car and Truck Wash has been developed with state of the art environmental surfactant technology. This innovative sustainable technology has excellent degreasing properties and leaves surfaces shiny. It is concentrated, pH balanced "Green" liquid formulation. It combines **biodegradable** detergents, environmental sequestering agents and grease cutting ingredients.

This concentrated industrial formulation removes wide range of different types of traffic film using either low pressure application or hand pressure application. It exhibits effectiveness for removing dirt, oil, grease and road grime. It protects and rapidly dewateres painted surfaces.

DIRECTIONS:

Hand Application: Dilute 100mL of product to 10 Litres of water (or 1:100), or 1 cup to 1 bucket, sponge on then rinse off with clean water. High Pressure Spraying: Dilute with up to 200 parts clean water, spray onto surface, then rinse off using clean water.

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:	Light Blue
Odour:	Odourless
Specific Gravity:	ND
pH:	7+/-0.5

FIRST AID MEASURES:

Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Seek immediate medical attention.

Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment.

Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give Oxygen. Get medical help.
