

Power Wash

5 Litres	- PXSS1855
20 Litres	- PXSS1850
200 Litres	- PXSS18200

DESCRIPTION:

Power Wash can be used for cleaning cars, trucks, boats, bikes and almost everything that moves on wheels. This pH neutral, high foaming product speedily cleans without damaging or dulling the vehicles' paint work. It contains no solvents, harsh alkali or salt. It produces streak-free finish.

DIRECTIONS:

Hand Application: Dilute 100mL of Power Wash to 10 litres of water (or 1:100). Sponge on, allow 3-5 minutes then rinse off with clean water.

Spray Foaming: Dilute 1 part of Power Wash to 15 parts of clean water. Apply Power Wash, allow 3-5 minutes to work then rinse off with clean water.

High Pressure Spraying: Dilute with up to 200 parts of clean water, spray onto surface. Allow time to work then rinse off using clean water.

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:	Green
Odour:	Odourless
Specific Gravity:	ND
pH:	9.5+/-0.5

FIRST AID MEASURES:

Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Seek immediate medical attention.

Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment.

Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give Oxygen. Get medical help.
